Signature of Candidate

100 Pixel

- On a plain white sheet, the candidate should put his/her signature with black/blue ink. Signature should be clear.

- Scan this signature and crop around the signature.
  Do not scan the full sheet. Scanned image file should be in **jpg format**. (Jpeg)

- Dimensions of the image of signature must be **150 pixels width** and **100 pixels height**.

- Image file should be between **4 kb** and **100 kb** file size.

Subsequent to select the two images, candidate needs to verify whether the photograph shown in the screen is candidate's own, clear and sufficient to identify the candidate. If so, check the declaration stated against the row of photograph. Similarly, verify the genuiness and clarity of signature, then **Accept the Declarations** indicated against each. Press **'Finish Upload Images'** button to upload all images to the application portal. The images once uploaded cannot be changed after completing this step.
