The candidates allotted a seat in the third round of the All India Counseling will also be ineligible to participate in this and subsequent phases of the state allotments.

Those who are in the rank list of the CEE but did not find a place in the

allotment list during the admission process alone is entitled to attend the Mop-up Counseling process. However, candidates already holding a PG seat can participate in the Mop-up Counseling after surrendering the seat held by them on or before **25.11.2023, 2.00 PM**. Course once allotted in the Mop-up Counseling shall be final. Mere surrender/Exchange of seat in the Mop-up Counseling will not be allowed.

Option registration is a mandatory step of this phase irrespective of whether options were registered or not registered in the previous phases. The options have to be registered through the Online Option Registration facility accessible after logging on to the Candidate portal on the website, **www.cee.kerala.gov.in** by giving the Application Number & Password through the link “**PG Homoeo- 2023 Candidate Portal**”. Then by clicking the Menu ‘**Option Registration**’ candidates can register their options online within the stipulated time.

During this phase, candidates are advised to choose and order their options according to the following conditions.

1. The options registered by the candidates for this phase would be the basis for the subsequent Stray Vacancy Filling Allotments, if any. In that case, there will not be separate option registration or confirmation step prior to those allotments and the candidates will not be considered for Stray Vacancy Filling Allotment to those courses and colleges not chosen by them for the Mop-up Phase Allotment. The options registered in this Mop-up phase will be considered for Stray vacancy seat filling also. So, failure to register options in this phase will make the candidate ineligible to get an allotment not only in this phase but in subsequent Stray Vacancy Filling Allotments also.
2. Any candidate who is allotted a seat in this phase or any subsequent Stray Vacancy Filling Allotments, irrespective of whether he/she joins or not joins in the allotted seat, will not be further considered in the subsequent allotments.
3. If any candidate already holding a seat allotted in a previous phase wants to quit that seat, the candidate must get TC from the college concerned before **25.11.2023, 2 PM** and get it reported by the college to the CEE on the same day.
4. Candidates can register options (as per the condition mentioned in the prospectus) to any of the courses existing in any of the colleges which the candidate wishes to join irrespective of the existing vacancy position as the seats being vacated as part of the allotment process when candidates already holding a seat allotted to them in a previous phase are re-allotted to a higher option, will also be filled as part of the same allotment process. Candidates are advised to take into account the probable vacancies that may arise due to the applicable category conversions .

Registration Fees

Restriction has been implemented to candidates in order to avoid lapsing of seats and holding of AIQ seats and State quota seats thus blocking seats. A separate Registration fee has been implemented to all candidates to register fresh options in Mop up Phase.
