6. Seats under General Merit Quota and other Reservation Quotas

METHOD FOLLOWED FOR ARRIVING AT THE SEAT MATRIX

For identification of Open (Unreserved), SC, ST, SEBC (BH, BX, EZ, KU, LC, and MU) and Person with disability seats in Open (Unreserved), SC and ST, SEBC Categories in respect of Government Medical Colleges.

In Government Medical Colleges/Institutions besides reservation for SC (8%) and ST (2%) there is reservation for SEBC candidates (27%) with internal further distribution Ezhava 8%, Muslim 7% ,BH 7%,LC 3%, BXian 1%, Kudumbi 1%. 10% seats are reserved for EWS and *10% seats are reserved for Service Candidates*

The seats un-availed by EWS category candidates will be transferred to General Merit. (As per G.O (Ms) No.195/2021/H&FWD dated 30/10/2021)

Person with disabilities category (PwD) candidates in each of these categories are given 5% reservation. 1 seat each is earmarked for Ex-Servicemen and “dependent of Jawan killed in action”. In the absence of eligible candidates in “dependent of Jawan killed in action” category, the seat reserved for that category will be available for dependents of Ex-Servicemen.

The principles to be followed:-

(a) Roster Preparation

- i. Roster for the current year is prepared as an extension of last year’s roster.
- ii. Assignment of reservation categories to roster points is driven by computing the gap between the total share of seats due to the categories and the seats actually allocated up to that point in the extended roster.
- iii. Mapping of categories to roster points makes use of a category hierarchy, with blocks of reserved and unreserved seats at the top level, and the block of reserved seats further divided in to the SC-ST and the SEBC blocks at the next level. The SC-ST and SEBC blocks in turn are divided in to the respective constituent categories at the bottom level. The seats sanctioned for implementation of reservation for EWS among General Merit candidates are also accommodated in the roster. Though the quota for Persons with benchmark disabilities (PD) and for **Service Candidates** are independent sub groups, being horizontal reservation, their share of seats is constituted with proportional contribution from SC,ST,SEBC,EWS and General (Unreserved)

b. Assignment of seats to roster points for forming the seat matrix

- i. Seat Matrix for the current year is prepared as an extension of the last year's seat matrix.
- ii. After reservation categories are assigned to roster points, the next step is to map roster points to seats. The procedure for mapping roster points to seats in participating institutions relies on a well defined hierarchical grouping of the seats available at the time of seat matrix preparation. The highest level is characterized by distinguishing CLINICAL subjects from NON-CLINICAL subjects subsequent level are characterized by the specialties and institutions, in that order.
- iii. The roster points with categories assigned to them are processed one after the other. When a roster point is considered for mapping to a seat, the unassigned seats are examined along the seat hierarchy defined above. At each level of the hierarchy, choice of seat is made based on a computation of the gap between the due seats and the seats accrued up to that stage in the extended seat matrix in respect of the concerned category, separately for the constituent groups at that level. The group in which the category is having higher deficit will be pursued. This logic is applied through the levels until the bottom- most level is reached and the roster point will get assigned to a seat in a particular specialty and institution combination.
- iv. In case additional seat(s) is / are contributed by any institution after finalization of seat matrix due to creation of additional seat or starting of new course after freezing of seat distribution (seat matrix), before start of next round (second/third) of counseling the same will be added to the roster and the seat matrix by applying the above defined procedures for extension of roster and seat matrix.
- v. In case an institution withdraws any seat after finalization of seat matrix as mentioned above, on account of de-recognition of seat or due to furnishing of wrong information earlier, the same would be deleted from the list without changing/disturbing remaining seat matrix. However, as the deleted seats will not be part of the accrued seats when the next extension (due to availability of additional seats or the next year's seat matrix preparation) of the roster and seat matrix takes place, the lost assignments of seats to roster points will be automatically compensated when such extensions happen.
- vi. As seats for Ex-Serviceman and Dependant of Jawan killed in action/Ex-serviceman are special categories and the seats allocated are two out of total seats (one for each category), it is done by taking these categories outside the roster. The allocation of seats in the year shall be followed up next year in the sequence of subjects as they appear in the seat matrix. These special categories will be allotted the last seat in General category of the respective subjects, in the roster.

6-1. Reservation of Seats:

Out of the total number of seats available under State Quota the 5% seats will be allotted for People with disabilities(PD), 8% seats for Scheduled Caste, 2% seats for Scheduled Tribe, 27% to SEBC (BH- 7%, BX - 1% , EZ-8% , KU- 1% , LC- 3% ,MU-7%).10% seats are reserved for Service Candidates, 10% seats are reserved for the Economically weaker sections (EWS) among the candidates belonging to the General Category. And the remaining is for the General Merit Quota.

The seats un-availed by the EWS category candidates will be transferred to General Merit.

Out of the total number of seats for the General Merit Quota, one Post Graduate Medical Degree seat each shall be allocated to Ex Service candidate and dependant of Jawan killed in action In the absence of eligible candidates in “dependent of Jawan killed in action” category, the seat reserved for that category will be available for dependent of Ex-serviceman.

6.2: Reservation of seats for Persons with Disabilities (PwD)

Leaving the seats set apart under All India quota, five percent of the seats available to the State for allotment from the State rank lists are reserved for candidates with benchmark disabilities for all courses in Govt./Aided Colleges as stipulated in Section 32, Chapter VI of the Persons with Disabilities Act 2016. Generally, candidates who have a minimum of 40% disability alone will be eligible to apply for this quota. Candidates seeking admission to PG Medical Courses will have to satisfy the eligibility criteria prescribed by the NMC (MCI) for persons with Disabilities. (See Annexure No. V appended.)

The certificate of disability from the District Medical Board must be produced at the time of medical verification. No document/certificate is to be uploaded to the online application. However candidates claiming PD status can indicate that at the entry for the same on the online application.

The State Medical Board constituted [vide G.O\(MS\) No.35/2020/H&FWD dated 17.02.2020](#) by the Government under the Chairmanship of DME consisting of Medical Experts in General Medicine, ENT, Neurology, Orthopaedics, Ophthalmology, Psychiatry and Physical Medicine & Rehabilitation, will examine the degree of Physical disability of the candidates who are provisionally included in this category. The State Medical Board will have powers to review the

certificate issued by the District Medical Board.

A State Level Committee constituted by the Government under the Chairmanship of the Commissioner for Entrance Examinations consisting of the members in the Medical Board (constituted under the Chairmanship of DME) will take a final decision on the eligibility of a candidate for PD quota as per the criteria and the suitability of the candidate to study a particular course applied by him/her.

Only those candidates who are having a minimum 40% of any disability and are found to be physically suitable by the Committee for the courses opted by the candidates will be chosen for a course as only the physically fit can undergo the rigors of a professional course and will be able to carry out Professional practice. The selection of candidates under this category will be based on the merit in the Entrance Examination and physical suitability, and not on the basis of the degree of disability. The Commissioner for Entrance Examination will prepare and publish the list of candidates eligible under PD Quota based on the recommendations of the State Level Committee.

10-1.16(2) : Remittance of Fee: The prescribed tuition fee for the course will have to be remitted by the candidate by online payment or to the CEE Account in specified Post Offices in Kerala to be notified by the CEE, as per the time schedule prescribed. After the candidate remits the fee in the First allotment, a fee receipt will be issued by the bank as token of allotment and remittance of fee. Those candidates who do not remit the fee on or before the date prescribed for the same will lose their allotment as well as the eligibility for further online allotments. The second allotment will be published on the date specified. Candidates who have not received any allotment in the first allotment and who have received an allotment in the second allotment will have to remit

the prescribed fee for the course allotted. If a candidate has a different allotment than the one received in the first allotment, the fee for which is higher than that remitted as per the first allotment, he/she will have to remit the difference in fee. The amount to be remitted in this manner will be shown in the allotment memo of the candidate. If the fee for the course allotted in the second allotment is less than or same as the fee remitted as per the first allotment, no further remittance is to be made by the candidate. The same process will be repeated in the subsequent allotments.

10-1.16(3): Admission to all courses: Candidates allotted to courses, and who remit the fee as prescribed, should take admission in the college allotted as per the schedule prescribed by the CEE. *Candidates who do not take admission will lose their allotment as well as the claims for further allotments. 10-1.16 (5): After each allotment, the options below the 'allotted one' of the candidate will automatically be removed from the option list of the candidate. For example, if a candidate had registered 10 options in all, and if he/she is allotted his/her 5th option, all options from 6 to 10 will be removed from the option list. Since the 5th option is the allotted one, it will not be seen in the option list. Options from 1 to 4 only will remain valid and will be considered for

future allotments.

10-1.16(6) :If a candidate is satisfied with an allotment and does not want to be considered against his/her remaining options, he/she will have the facility to cancel all the remaining options. He/she may also cancel specific options among the remaining options as per his/her desire. The candidate will also have the facility to alter the priority of the remaining options. But the candidate will not be permitted to register any fresh options to the existing ones.

Abstract

Finance Department—Deputation of Medical Officers under Health Services Department for Higher Studies—Scheme Approved—Orders Issued.

FINANCE (RULES - A) DEPARTMENT

G.O. (P) No. 106/2017

Dated, Thiruvananthapuram, 14th August, 2017.

- Read: (1) G.O. (P) No. 303/70/Fin dt. 12/05/1970.
 (2) Circular No. 54/2005/Fin dt. 27/09/2005.

ORDER

As per the Government Order read as 1st paper above, deputation benefits with full pay and allowances are sanctioned to Government employees to undergo course of study, if Government is fully satisfied that the course is capable of widening their knowledge in a manner likely to improve their abilities as civil servants and to equip them better in the sphere of their duties and of definite advantage to Government. As per the Circular read as 2nd paper above, Government have clarified that deputation benefits will be allowed only for undergoing course of study / training prescribed for promotion to posts in the regular line of promotion of the posts held by the employees and also in cases where approved scheme exists for such deputation. As per the Government Order read as 3rd paper above, Kerala Health Services (Medical Officers) Special Rules have been framed and the existing cadres of Medical Officers in Health Services Department have been categorized into Administrative Cadre, Speciality Cadre, General Cadre, Public Health Lab Cadre and Blood Bank and Clinical Lab / Transfusion Medicine Cadre. Since then, several requests for deputation benefits for higher studies have been received from Medical Officers in Health Services Department. However, many doctors who avail deputation benefits do not opt for the stream in which they have specialized. Several doctors who have completed their deputation for higher studies under special quota are waiting to be posted to their specialities even after exercising option to the stream. At the same time acute shortage of doctors is being experienced in certain specialities as well.

In this circumstance, Government have examined the matter in detail and are pleased to streamline the procedure for sanctioning deputation benefits to Medical Officers under Health Services Department for pursuing higher studies and issue the

-2-

following scheme of deputation for the purpose. All Government Orders regarding deputation benefits for higher studies in Health Services issued till date will be superseded by the following orders:

1. This scheme will be limited to service candidates who have successfully completed their probation in respective cadre. Other cases will not be entertained on any account.
2. Those who want to go for higher studies other than on service quota shall pursue the course on their own accord after availing eligible leave / Leave Without Allowance.
3. Deputation benefits will be sanctioned for undergoing courses of study in institutions run by the Government of Kerala, other State Governments, Union Territories and the Government of India. Administrative Department shall prepare a list of such institutions and in future the Director of Health Services shall issue Sponsorship Certificates only to the selected courses and institutions in the list approved by the Government.
4. The candidates who undergo two year Post Graduate diploma course and Post Graduate course should have prospective service of 10 (ten) years and 12 (twelve) years respectively after successful completion of the course.
5. Those who have not availed deputation benefits for MD / MS will be granted deputation benefits for Super Speciality course. Those who have availed deputation benefits for MD / MS will be granted deputation to Super Speciality only after three years of service in the specialized branch. These candidates shall have minimum 7 (seven) years prospective service for serving the Government after the successful completion of the DM / MCH Course. If they get admission for Super Speciality course after ten years of service in the specialized branch, they shall have 5 (five) years of prospective service after successful completion of the course for serving the Government.
6. Applications for deputation benefits shall be recommended only on the basis of strict seniority and vacancies likely to arise in the specialities concerned.
7. The Director of Health Services shall prepare every year a list highlighting the specialities to which deputation benefits are to be given and the number of vacancies likely to arise in each speciality for the next academic year with their specific remarks on the necessity of granting deputation benefits to these specialities. Government shall put a ceiling each year on the number of candidates eligible for deputation benefits in each speciality. However, deputation benefits will not be allowed to undergo courses of study in streams where more than 10% of the sanctioned strength of the speciality cadre concerned is waiting to be posted and the Director of Health Services shall prepare another list of such specialities.

- 3 -

8. Administrative Department shall approve these lists with direction to include the same in the prospectus. Requests for deputation benefits to study courses outside the above lists / prospectus will not be entertained by the Government.
9. The Director of Health Services shall forward to Government the proposals of deputation benefits along with the lists referred to under para 8.
10. Those who avail deputation benefits shall immediately after completion of deputation opt the speciality cadre in which they have specialized.
11. Those who have already received deputation benefits and have not opted to their specialities are to exercise the same within a period of one month from the date of issue of this Government Order; failing which their period of deputation will not be counted for service and pensionary benefits.
12. Deputation benefits shall be granted only for stipulated duration of the course. If any candidate does not successfully complete the course during the stipulated period or there is delay on his part in completing the course within the stipulated period, the extra period shall be treated as eligible leave / Leave Without Allowance.
13. Rural and Difficult Rural Area Allowance, Non-Practising Allowance, Risk Allowance and other duty linked allowances will not be paid during the period of deputation.
14. Those who discontinue the course on any reason / do not opt for the speciality within a period of one month after completing the course / resign from service or take voluntary retirement / leave the service to take up another appointment elsewhere or for any other reason before completing mandatory period of service will be liable to pay as liquidated damage an amount equal to the total salary admissible to the officer during the entire period of obligatory service of 5 or 7 or 10 or 12 years as the case may be after completing the course. The salary / stipend drawn during the course along with interest @ 8 % will also be recovered towards liquidated damages. In order to arrive at the future salary, a hike of 25% on the existing salary will be effected in quinquennial pay revision taking place during the obligatory period. In the event of violation of this clause, the fact will be reported to the Medical Council for necessary action and his / her service will be terminated by following the procedure under the Kerala Civil Services (Classification Control and Appeal) Rules.
15. If these Officers leave Government Service during the obligatory service period without remitting the liquidated damages and the District Medical Officers fail to report such cases to the Director of Health Services in time and the Director of Health Services in time to Government, the liquidated damages will be recovered from them.

- 4 -

16. District Medical Officers will make periodic inspections in the hospitals having specialities to ensure that the specialized doctors who received deputation benefits are serving the Government during the mandatory period in the posts of speciality and furnish a report once in three months to the Director of Health Services and the Director in turn will prepare a consolidated report and furnish it once in six months to the Government in the Health & Family Welfare Department.
17. Administrative department will sanction deputation benefits only in consultation with the Government in the Finance Department.
18. The posts vacated by the doctors proceeding on deputation for higher studies under this scheme shall be filled up temporarily.
19. No candidate granted deputation benefits under these orders will be relieved of his duties to join the course before he executes a bond on Kerala Government stamp paper worth Rs. 200/- agreeing to the terms and conditions set under the preceding paragraphs.
20. These guidelines will apply to candidates admitted to courses of study specified above from the academic year 2017-18 onwards.
